Winning Big: the Benefits of (OA) EDTs

- Enlarges the research pool exponentially
- Achieves multiple missions simultaneously
- Gets a newly minted PhD into the game
- Builds foot traffic
- Makes visible the invisible

Losing Twice: The Danger of EDTs

- Overwriting HSS with STEM – one size does not fit all
- Newly minted PhDs are the most vulnerable player
- 3rd party mission misalignment
- Short circuiting future publication
- Equates discoverability with availability
