  - Includes several countries – Canada, Australia, UK, India, etc.
- 96 speakers
- 57 sessions

## Open Texas 2022 Conference Chair

**Rebecca Karoff, Ph.D.**

Associate Vice Chancellor for  
Academic Affairs,  
The Office of Academic Affairs  
The University of Texas System

I want to express my appreciation for the commitment of time, sharing, and brilliant ideas shared by so many OER and Open advocates these past few days, from across Texas and beyond! The quality of the sessions was exceptional, the keynotes were mind-expanding, and the exploration of the conference theme, The Labor of Open Education, was sometimes explicit, sometimes subtle and always compelling and intricate. Moreover, there were so many inspiring and practical take-aways, lessons learned, and actions to be adopted, adapted, applied, replicated and scaled (basically, the 5 Rs). My deepest gratitude goes to the planning and steering committee members—you put on an awesome conference! See you at Open Texas 2023!

**Rebecca Karoff, Ph.D.**

Associate Vice Chancellor for  
Academic Affairs,  
The Office of Academic Affairs  
The University of Texas System

Thank You to our  
keynote Speakers

**Jasmine Roberts-Crews**
