DSpace 4 Upgrades

- Upgrades to TDL-hosted DSpace repositories have begun!
- First two sites in testing phase

Questions? Contact Ryan Steans (rsteans@austin.utexas.edu) or the TDL Helpdesk (support@tdl.org)

Learn more about DSpace 4

TDL DSpace 4 Webinar RecordingAvailable on <u>Youtube</u> and the TDL website

Software Development: VIREO

Work completed:

- ADA-compliance for student submission interface
- Integrated new features submitted outside of normal development cycles (ORCID, bug fixes)
- Three "Epics" (aka new feature sets):
 - Revised "upload correct document" interface
 - New reporting capability (CSV export)
 - New email functionality

Current Work:

Enhancements to "multiple submissions" functionality

Next public demo: Tuesday, October 21 – stay tuned to Vireo Users Group list for details (http://vireoetd.org/vireo/members/join-the-vug/)

DPN Pilot Project Update

Proposed Agenda Items:

-Meeting One - Content

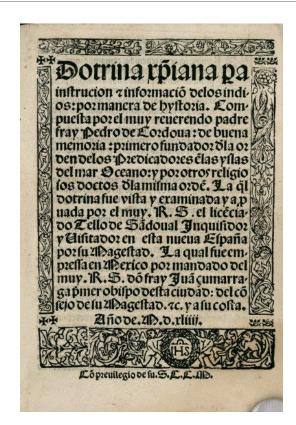

Meeting Two – Legal Documentation

Meeting Three- Technical Progress – Theoretical Brightening

Meeting Four – Confirmation of Receipts

SHARE Fall 2014 Meeting

October 13-14

Crystal City, Virginia

Technical Working Group Update

Need greater clarity on scope and requirements!

ACTION ITEMS

- Create a straw proposal identifying key use cases
- Convene larger discussion group to take straw proposal and turn it into something more than straw.
- Identify a domain name! Need an organized, public-facing homepage

Questions?
