

# TDL MEMBER FORUM

Monthly forum for members of the Texas Digital Library, November 18, 2020

[tdl.org](http://tdl.org)

# Zoom @ the Member Forum

Click chat to enter comments, share links, or just say 'hello.' 😊

Click Q&A to enter questions for TDL

# Agenda

*Director's Update* | New Governing Board members, TDL 2020-2023 Strategic Plan, TCDL CFP, TDL Awards, NDSA Award

*Service & Projects Update* | DSpace updates, DuraCloud announcement, Dataverse updates, Vireo updates, DPLA service updates

*Community Updates* | community resources, upcoming webinars, meetings, opportunities, and conferences

*Open Floor* | Questions and discussion

# Director's Update

Kristi Park, TDL Executive Director

# Governing Board

Welcome new Governing Board members!

[tdl.org/governance](https://tdl.org/governance)

# New Mission Statement

A collaborative consortium based in Texas and rooted in higher education, the Texas Digital Library builds capacity among its membership for ensuring equitable access to and preservation of digital content of value to research, instruction, cultural heritage, and institutional memory.

Image: Selected items from TDL Members' digital collections

# New Vision Statement

The Texas Digital Library (TDL) will become a nationally recognized leader as a provider of essential, equitable, and sustainable infrastructure for libraries and cultural memory organizations, and its efforts will help to transform society through the radical broadening of access to valuable research, teaching, and cultural heritage materials.

As a center for expertise and excellence, it will be a sought-after partner by other consortia, institutions, and funders, and will serve as a model of community-based collaboration in service of Open Access, Open Data, Open Education, and digital preservation.

TDL's success will be bound to that of our member institutions and their workers. Through our collective efforts, we will prepare and empower a diverse and inclusive library workforce to meet the challenges of the moment by amplifying their unique contributions, enabling sustainable workloads, and fostering mutually supportive communities.

# Levels of Digital Preservation Revision Project

## Levels of Digital Preservation

Functional Area	Level			
	Level 1 (Know your content)	Level 2 (Protect your content)	Level 3 (Monitor your content)	Level 4 (Sustain your content)
<b>Storage</b>	Have two complete copies in separate locations  Document all storage media where content is stored  Put content into stable storage	Have three complete copies with at least one copy in a separate geographic location  Document storage and storage media indicating the resources and dependencies they require to function	Have at least one copy in a geographic location with a different disaster threat than the other copies  Have at least one copy on a different storage media type  Track the obsolescence of storage and media	Have at least three copies in geographic locations, each with a different disaster threat  Maximize storage diversification to avoid single points of failure  Have a plan and execute actions to address obsolescence of storage hardware, software, and media
<b>Integrity</b>	Verify integrity information if it has been provided with the content  Generate integrity information if not provided with the content  Virus check all content; isolate content for quarantine as needed	Verify integrity information when moving or copying content  Use write-blockers when working with original media  Back up integrity information and store copy in a separate location from the content	Verify integrity information of content at fixed intervals  Document integrity information verification processes and outcomes  Perform audit of integrity information on demand	Verify integrity information in response to specific events or activities  Replace or repair corrupted content as necessary
<b>Control</b>	Determine the human and software agents that should be authorized to read, write, move, and delete content	Document the human and software agents authorized to read, write, move, and delete content and apply these	Maintain logs and identify the human and software agents that performed actions on content	Perform periodic review of actions/access logs
<b>Metadata</b>	Create inventory of content, also documenting current storage locations  Backup inventory and store at least one copy separately from content	Store enough metadata to know what the content is (this might include some combination of administrative, technical, descriptive, preservation, and structural)	Determine what metadata standards to apply  Find and fill gaps in your metadata to meet those standards	Record preservation actions associated with content and when those actions occur  Implement metadata standards chosen
<b>Content</b>	Document file formats and other essential content characteristics including how and when these were identified	Verify file formats and other essential content characteristics  Build relationships with content creators to encourage sustainable file choices	Monitor for obsolescence, and changes in technologies on which content is dependent	Perform migrations, normalizations, emulation, and similar activities that ensure content can be accessed

# Services & Projects Update

# Congratulations, Nick Woodward!

TDL Senior Software Developer, Nick Woodward, was invited to be the **first** DuraCloud committer outside of LYRASIS or DuraSpace.

@TXDigLibrary | @DuraCloud

# DSpace Update

DSpace Usage Statistics project update

DSpace User Group meeting, December 1

DSpace 7 beta 4 sandbox available for testing

## TDL DSpace Stats

- 18 members

- 21 repositories

**DSPACE**

[tdl.org/repositories](https://tdl.org/repositories)

# Texas Data Repository Update

- Upgrading currently to include changes that allow for larger data storage in remote locations

Texas Data Repository

## TDL TDR Stats

- 9 members
- 491 Dataverses
- 1310 datasets
- 44K+ files

[tdl.org/texas-data-repository](https://tdl.org/texas-data-repository)

# Vireo Update

- SHSU, Baylor, UT Austin, UTSW, U of H, and UT Dallas migrated
- Development Sprint wrapping up with TDL's Frank Smutniak and developers from Texas Tech and TAMU

**TDL Vireo Service**

- 14 members

[tdl.org/etds](https://tdl.org/etds)

# DPLA Service Update

DPLA DIGITAL PUBLIC LIBRARY OF AMERICA

barbecue Search

Sort by Relevance Items per page 20 Layout

list from these items

**Barbecue**  
Clarence Tucker, d. 1970  
Ten men and a boy cooking at a deep-pit barbecue.  
[View Full Item](#) in Covina Public Library

**Barbecue**  
Eastman, Jervie Henry  
Meat roasting on spit turned by waterwheel with trees and shrubs in background. 936 written on envelope. 1 of 10 negatives.
