WELCOME, ANDREW!

TDL Welcomes New Help Desk Specialist

“Hello! I am originally from Metro Detroit and I graduated from the University of Michigan with a degree in History and Judaic Studies in 2017. I am looking forward to sunnier weather, less rain, and less cloudy days in Austin.

I worked at the University of Michigan for the past 3 years and was involved with the creation of a new Digital Studies Institute, which serves as a center of the study of digital humanities, digital media, and our digital future. It was a great place to start my career but during the COVID-19 pandemic I realized I wanted to go back to school and get my master's, which is how I ended up at UT's iSchool. Post graduation, I hope to be an academic librarian or stay in higher education.

In my free time I enjoy reading, watching tv, walks, and travel. I spent a summer in the UK after graduating and can talk for hours about backpacking across the British Isles.”
