Awards Part II

Trailblazer Award

Without any of you, this place would be a hell that most (instead of some) could talk with them when they lead to your project, would & is huge in terms of reducing recidivism. The very spark that your project & its volunteers provide us is the start of a flame so bright in this darkness.

With no funds, no mail from the outside world and a long wait for educational classes, I requested educational books from Inside Books Project. They were useful, helpful, as well as educational. I thank Inside Books Project for helping me to become a better person through self-learning.
