What factors motivated you to apply to and accept an out-of-state residency?

How was the transition?
When you were looking for a job post-MLIS, did you consider permanent positions as well as residencies?
How was your onboarding experience?
What do you see as a major benefit of your residency?
What do you see as a drawback of your residency?
How do you see your role as a resident impacting your institution?
Do you see residencies as beneficial to early career librarians? What about to academic institutions?
