Research Integrity: A Values-Based Approach
Core Values of Research

- Honesty
- Fairness
- Openness
- Accountability
- Objectivity
- Stewardship
LIS Professional Values

- Service
- Rationalism
- Stewardship
- Intellectual Freedom
- Democracy
Athletes’ Values

- Honesty
- Integrity
- Responsibility
- Caring
- Fairness
- Respect
- Civility
Core Values of Research

- Honesty
- Fairness
- Openness
- Accountability
- Objectivity
- Stewardship

Athletes' Values

- Honesty
- Integrity
- Responsibility
- Caring
- Fairness
- Respect
- Civility
Integrity applies to every aspect of research

- Respect for Humans, Animals, and the Environment
- Authorship and Distributing Credit
- Data Management, Record-Keeping, Notetaking
- Sharing Research Results
- Conflicts of Interest/Commitment
- Social Responsibility
Research Integrity Topics

**First Place:**

Research Data Management (includes sensitive data, fabrication, falsification, image manipulation)

**Three-Way Tie for Second Place:**

*Identifying Campus Partners for Research Integrity Initiatives

*Adapting Existing Instruction Programs to Incorporate Research Integrity

*Diversity, Equity, Inclusion (treatment of research subjects and colleagues)
