- Data Management Discussion
Welcome new members!
Since last we met...

- Travel update
- Staff Recruitment Update
- TCAL and Member Board Meeting
- DLF Forum (November 4-6)
Data Management

Data Management Working Group (late fall 2014)

Develop pilot projects:
- Define problem(s)
- Identify and implement available resources
- Investigate issues related to storage and accessibility of data

Existing Resources:
- DSpace
- Texas Advanced Computing Center
- DuraCloud
Discussion

– Data management needs?

– Current campus/library support for data management?

– Technologies/models for data management? (e.g. **PURR**)
