My Journey with Open Education Resources

Deidre Tyler, PhD - Salt Lake Community College

Professor of Sociology/Instructional Technologist
Quote

“The number one benefit of information technology is that it empowers people to do what they want to do. It lets people be creative. It lets people be productive. It lets people learn things they didn’t think they could learn, before, and so in a sense it is all the potential.”

Steve Ballmer
Goals of the Presentation

- Describe my transition to OER
- Team Effort approach
- How Using an Open Textbook has helped my teaching
- Introduction to Personalized Learning
- How my teaching has changed as a result of OER
2016

Open Educational Resources
